New Information for 2025 - 2026

EQA/PT Programmes for Molecular Haemato-Oncology

Extending Accreditation for the Myeloproliferative Neoplasms Diagnostic Testing programme

Following the successful consolidation of the *JAK2* p.Val617Phe (V617F) Mutation Status and the Myeloproliferative Neoplasms Diagnostic Testing programmes for the 2024-2025 registration period we will be submitting the markers *JAK2* exon 12, *CALR* and *MPL* for accreditation. Please note, EQA for the *JAK2* V617F is already accredited.

Pilot Liquid Biopsy in DLBCL EQA Study

UK NEQAS LI hope to run small pilot study assessing the use of next generation sequencing based liquid biopsy testing in diffuse large B cell lymphoma if there are enough participants interested. Please contact us if you wish to be part of this study, please contact admin@ukneqasli.co.uk

Lymphoplasmacytic Lymphoma/Waldenström Macroglobulinaemia Accreditation

This programme has now achieved ISO 17043:2010 accreditation. Formal performance monitoring has now been introduced and the number of trial issues will increase from two to three.

Webinar Plans

We will be hosting more educational webinars this year. Please keep checking our website for further details.

Additional Markers in the Measurable Residual Disease for AML by Molecular Methods programme

UK NEQAS LI will be issuing educational samples for *KMT2A* rearrangement MRD testing this year, following the need for this being highlighted in a recent survey.

SEE WEBSITE FOR FULL INFORMATION ON ALL OF THE ABOVE CHANGES

Should you wish to participate in any of the above programmes please contact:

UK NEQAS LI
Pegasus House
4th Floor Suite
463a Glossop Road
Sheffield S10 2QD
United Kingdom
